

Aquarius Cleaning Services (NW) Ltd
Units 2-3, High lane Business Court, 32 Buxton Rd,
High Lane, Stockport, SK6 8DB

Quality & Environmental Policy.

Our policy is to operate in a manner to :

Satisfy our customers needs by supplying professional cleaning services on time, and with the highest service levels possible.

Continually measure our business performance and implement process Improvements to improve what we do, & enhance customer satisfaction.

Ensure we remain compliant with legal, environmental, & any applicable regulatory requirements.

Ensure we provide continued resources to support our quality & environmental system to both maintain and develop it.

Remain focused and committed to reduce our environmental impacts and to subsequently reduce pollution.

Ensure we effectively measure our quality and environmental process performance and set realistic improvement objectives to drive continual improvement, where appropriate.

Ensure we carry-out regular reviews of our planned arrangements for achieving the intentions of this policy, and ensuring that the results of reviews are communicated to our staff and any other interested parties.

Develop our employees by implementing continual training and development and by establishing clear targets and good communications.

We will achieve our policy objectives by having clearly defined measurable improvement objectives, which will be set and monitored by our management review process, and the full participation and support of the Managers and Staff.
